B. Corporate Marketing/Outreach

1. Background/Present Situation

- a) Communications is on schedule to debut the electronic *What's Developing* corporate newsletter in mid-September 2012. This new electronic format will allow for increased distribution at a significantly lower cost. The newsletter will showcase affordable housing success stories from throughout the state, focusing on Florida HHF, special needs housing (i.e., Veterans, youth aging out of foster care, elderly, etc.), and/or green building, to name a few categories. The goal is to be able to use the newsletter as way to put the “human” face on the work that Florida Housing does to fulfill its mission.
- b) There also will be regular sections in the newsletter, including program updates (single family/rental), legislative updates, housing policy, foreclosure prevention, and groundbreakings/ribbon-cuttings.
- c) In an effort to continue building relationships with affordable housing advocates and providers, Communications staff will participate as an exhibitor at the following annual conferences this year:
 - (1) August 23-25 – Florida League of Cities Annual Conference, Hollywood, FL; and
 - (2) September 10-12 – Florida Housing Coalition Annual Conference, Orlando, FL.

- b) The Operating Budget for the period ending June 30, 2012, is attached as [Exhibit B](#).

GUARANTEE PROGRAM

Information

III. GUARANTEE PROGRAM

A. Status of the Guarantee Program Portfolio

1. Background/Present Situation

- a) Since the implementation of the Guarantee Program in 1993, it has guaranteed 120 transactions, facilitating the construction of over 28,000 housing units in Florida. In November 1994, the Guarantee Program entered into an agreement with HUD to participate in the Risk-Sharing Program; characterized by a 50/50 sharing of default risk in connection with the mortgage guarantee. Of the 76 multifamily developments in the Guarantee Program portfolio today, 52 are Risk-Sharing transactions.
- b) Since November 2008, there have been eight (8) multifamily claims filed on the Guarantee Program, representing the total (and only) multifamily claims incurred in its 18-year history. The last multifamily claim occurred in April 2010. The chart in Exhibit B reflects the developments that have been foreclosed as of July 31, 2012, listed in chronological order by claim filed date.
- c) There are no foreclosures in inventory.
- d) As of July 31, 2012, there was one (1) development in the portfolio in monetary default (due to the borrower's failure to make timely payments on the note):

<u>Development</u>	<u>Location</u>	<u>Closing Date</u>	<u>Total units</u>	<u>Mtg. bal.</u>	<u>Risk-share</u>	<u>Gen Ptr</u>	<u>Ltd Ptr</u>	<u>Status</u>
Tuscan Isle	Naples	12/4/2002	298	\$17,126,272	Yes	Creative Choice Homes	Hunt Capital	Past due: 6/15/12 & 7/15/12 pmts

- e) Between 2008 and 2009, Tuscan Isle, Creative Choice Homes (Dilip Barot), was in "rolling" default status for over a year. In March 2009, the general partner and limited partner (Capmark, at the time) reached agreements to share in the funding of operating deficits and cure the monetary default. The latter was cured in October 2009. Capmark filed bankruptcy in late 2009. At the end of 2011, Hunt Capital acquired Capmark's portfolio, including its interest in Tuscan Isle.

GUARANTEE PROGRAM

Information

B. Capitalizing Debt and Risk Exposure

1. Background/Present Situation

- a) The global liquidity crisis of 2008 collapsed the market for the variable rate bonds capitalizing the Guarantee Program corpus, ultimately leading staff to restructure the debt, paying off approximately \$89 million and refinancing the remaining \$156.2 million in variable rate bonds to a 5-year term loan with Citibank, closing on December 31, 2009.
- b) At that time, the Guarantee Program's total risk exposure; single-family and multifamily combined, was \$754.5 million. Since then, total risk exposure (Exhibit C, chart "Guarantee Fund Capacity", line item "Total Commitments") has consistently decreased, as reflected below:

Portfolio Risk Exposure

			Last Board Meeting (as of 6/30/2012)	This Board Meeting (as of 7/31/2012)
12/31/2009	12/31/2010	12/31/2011		
\$754,475,974	\$728,323,576	\$578,754,817	\$532,158,249	\$519,068,360

- c) Management has since aggressively reduced the Guarantee Program capitalizing debt, paying off \$90.2 million on April 20, 2011 and another \$15 million on July 29, 2011, leaving \$51.0 million outstanding.

C. Corpus Investments

1. Background/Present Situation

- a) The Guarantee Fund corpus contains approximately \$212 million in invested capital, all of which is currently invested in the Florida Treasury, Special Purpose Investment Account (SPIA), rated "A+f" by Standard & Poor's as of July 13, 2011.

- d) These exchanges and additions are of greater point value to the amenities originally chosen in the application. Staff will amend the Land Use Restriction Agreement for this development.

INFORMATION TECHNOLOGY

Information

VI. INFORMATION TECHNOLOGY

A. Information Technology Steering Committee

1. Background/Present Situation

- a) The Information Technology Steering Committee (ITSC) is actively engaged in seven prioritized initiatives. The ITSC has assigned a Project Manager to each of these initiatives. In addition, our Project Manager consultant oversees the entire ITSC project portfolio. A description of each initiative and its current status is provided below.

(1) Discovery – Loan Servicing Software Solution

Description: The goal of implementing this new software solution is to provide a more secure environment for loan servicing data while increasing the efficiency and consistency of data input and storage. This project team will evaluate and rank potential software solutions that will improve the management and accessibility of Loan Servicing data.

Status: On target for completion in November 2012.

(a) Loan Servicing Software Solution - Hardest Hit Fund (HHF)

Description: Development of a custom software solution to replace the current Excel-based tracking log. The new software will provide increased security, reliability, performance and shared access.

Status: On hold, pending outcome of the parent project, Loan Servicing Software Solution.

(2) Discovery - Location A Overhaul – Limited Development Area (LDA)

Description: The current process of aggregating and collecting data for Location A is laborious and time consuming. The goal of this initiative is to expand the data resources used for decision making and develop a road map for automating the process of establishing LDAs.

Status: On target for completion in December 2012.

(3) Discovery – Microsoft SharePoint 2003 Replacement

Description: The current collaboration platform, Microsoft SharePoint 2003, is outdated and no longer supported. Prior to replacing the collaboration platform, the project team will establish an enterprise-wide collaboration strategy and evaluate potential collaboration platforms against that strategy. Once the evaluations are complete the project team will make a recommendation for the purchase of a collaboration platform to replace SharePoint 2003.

Status: On target for completion in October 2012.

INFORMATION TECHNOLOGY

Information

(4) Enterprise Upgrade to Microsoft Windows 7

Description: It is necessary to update our current operating system, Microsoft Windows XP (XP), because it will no longer be supported as of April 2014. The lack of supported patches and updates would result in an immediate risk to our network security. The Microsoft Windows 7 (MSW7) upgrade began in 2011 and will be staggered over a period of three years (2011 – 2013). The multi-year upgrade plan was designed to help distribute the cost of purchasing new computer equipment, which is required in order to support MSW7.

Status: Slightly behind schedule due to competing priorities. On target for completion in December 2013.

(5) Mortgage Credit Certificate (MCC) System

Description: The MCC Reservation system provides a data store, web-based user interfaces and reports to support the MCC program, which is managed by Homeownership staff.

Status: Completed in June 2012.

(6) Multifamily Strategic Data Initiative (SDI)

Description: The SDI is comprised of three initiatives that were designed align with the Strategic Plan. The directive is to develop a strategic data management system to assist Florida Housing in setting program priorities and managing its Multifamily Rental Portfolio.

(a) SDI - Audited Financial Reporting

Description: A web-based reporting system developed to collect and report on annual financial data from multifamily developments.

Status: On target for completion in Q3 2012.

(b) SDI - Multifamily Portfolio Reporting

Description: A web-based data and document collection that will enable users to access centralized and consolidated multifamily portfolio information.

Status: In progress, slightly off schedule due to the loss of our programming consultant. New programming consultant begins work August 27th. On target for completion in December 2012.

(c) SDI - Tenant Data Reporting

Description: A web based reporting system developed to upload, aggregate and report on tenant occupancy data from Florida Housing's multifamily developments.

Status: On target for completion in Q3 2012.

INFORMATION TECHNOLOGY

Information

(7) Website Content Advisory Committee (WCAC)

Description: The WCAC was established to develop and pilot procedures that will govern all content that is published on the Florida Housing website. Once the pilot is complete the WCAC will refine the procedures and complete a schedule for deployment across all of Florida Housing.

Status: Proceeding as planned with approved timeline extension. Pilot phase in progress. On target for completion in November 2012.

 - (6) Oaks at Ellenton (96S-028) has removed the word “carpeting” from the second paragraph of Article II, Section 2.3 of the LURA. As this is not a requirement of the Application, there is no point value attributed to this language. Scoring of the Application will remain unaffected.
- b) Staff will amend the Land Use Restriction Agreements for the developments as appropriate.

SINGLE FAMILY BONDS

Information

IX. SINGLE FAMILY BONDS

A. Single Family Professional Development and Outreach

1. Background/Present Situation

- a) Florida Housing continues to honor our commitment to have funds continuously available for qualifying homebuyers through our First Time Homebuyer (FTHB) Program. Florida Housing's Program provides assistance to eligible homebuyers by offering low cost, 30-year, fixed-rate mortgages together with down payment and closing cost assistance. Current allowable mortgage loan products include: Federal Housing Administration (FHA), Department of Veterans Affairs (VA), United States Department of Agriculture - Rural Development (USDA-RD), as well as conventional loan products offered through Fannie Mae and Freddie Mac.
- b) Borrowers must now have a minimum 640 FICO score and complete a 6-8 hour face-to-face homebuyer education class in order to qualify for assistance through our FTHB Program. Our recent increase in credit score requirement had already been adopted by many of our participating lenders. This change will serve to "level the playing field" for lenders originating our FTHB loans. Through close monitoring of loan performance (i.e. loan delinquency and early payment defaults) and based upon discussions that we have had with our Lender Advisory Board, we found it necessary to make additional program changes that should help strengthen the program and its borrowers. We have eliminated the use of co-signors because we found that their use can be abusive, allowing borrowers to purchase more home than they can afford. Another change that we think will help ensure a stronger borrower and commitment to long term homeownership is requiring a minimum cash contribution to the loan of \$1000 from the borrower's own funds. These funds cannot be a gift and must be seasoned and verified on deposit in an account for a minimum of 2 months. All of these changes became effective May 1st, when we rolled out our newest bond issue, 2011 Series C & 2009 B-5 (Series B-5).
- c) Florida Housing offers qualified homebuyers two down payment and closing cost assistance programs in the form of second mortgage loans. Florida Assist is a 0% deferred payment \$7,500 second mortgage that serves homebuyers with an area median income (AMI) of up to 120%, adjusted for family size. Another recent change was the increase of the Florida Assist income limits to 120% AMI, up from 100% AMI, as permissible by the Florida Statutes. Homeowner Assistance for Moderate Incomes (HAMI) serves households up to Program first mortgage income limits. This product provides a qualified buyer with up to \$5,000 of assistance in the form of a 10-year, amortizing second mortgage, currently at a 5% fixed rate. These second mortgage products may only be used in conjunction with Florida Housing's first mortgage products.

SINGLE FAMILY BONDS

Information

- d) Since 2003, Single Family Program Staff has taught a three hour, Department of Business and Professional Regulation (DBPR) approved continuing education (“CE”) course for Realtors which is coordinated through local Realtor boards throughout the state. We have recently received our recertification of the class from DBPR, which is required every three years. We just conducted a class in Broward County and have an upcoming class in Merritt Island in Brevard County. Realtors attend these classes to receive a general 3 hour CE credit while learning about our First Time Homebuyer Program, our recently launched Mortgage Credit Certificate Program, and other affordable housing programs available to their potential homebuyers.
- e) Our program has experienced a reduction in participating lenders as a result of industry consolidation and attrition that began with the financial meltdown in 2008. As a result, we have recently begun to accept new applications from potential lending partners at any time during the year rather than one time a year as had been our previous policy. This change created a need to have the ability to quickly and efficiently train new lenders. In response to this need, US Bank launched our long anticipated online lender training platform in mid- June. The lender training can be accessed by the staff of newly approved lenders as well as any new staff added by our existing participating lenders 24/7 and will greatly accelerate and improve our training efforts.
- f) Florida Housing continues to sponsor a toll-free telephone line (800-814-HOME), for first time homebuyers to call for information about our program. For the month of July, we received 479 total calls of which 200 were transferred to the Single Family Staff. The remaining callers that were not transferred to the Single Family Staff were able to receive information by accessing our First Time Homebuyer Wizard tool, which is located on our website. We continue to closely monitor these calls to evaluate the best way to efficiently handle the call volume in the long term.
- g) At the January 27, 2012 meeting, the Board approved the renewal of the Mortgage Credit Certificate (MCC) Program. This program provides qualifying first time homebuyers an ongoing annual tax credit that reduces the amount of taxes owed. This increases disposable income and provides the homeowner more money towards their mortgage payment. MCC’s are offered through approved participating lenders and are issued in connection with the lender’s in-house fixed rate mortgage product. We anticipate that MCC’s will assist borrowers with higher incomes than those who currently use the FTHB Program. The Program was officially launched on June 1, 2012. The first 90 days have been centered on recruiting and training participating lenders. To date we have approved 14 lenders who have each paid a \$750 participation fee to Florida Housing. We are encouraging our current group of approved FTHB participating lenders to also offer this affordable housing program to their eligible borrowers.

SUBORDINATED MORTGAGE INITIATIVE (SMI)

Information

X. SUBORDINATED MORTGAGE INITIATIVE (SMI)

A. Program Update

1. Background/Present Situation

- a) As of this date, the Board has approved funding for a total of thirty-two (32) Subordinated Mortgage Initiative (SMI) loans. The purpose of these loans is to provide subordinate financing on these developments which are credit enhanced by the Guarantee Program, and determined to be in financial distress, in order to provide temporary assistance in funding their mortgage debt service obligations for a period of up to twenty-four (24) months. Florida Housing provided funding for up to one mortgage payment per each three month period. The developer is required to make the remaining payments. This process is to be repeated for up to twenty-four (24) months, with Florida Housing potentially making up to a total of eight mortgage payments and the developer making a total of sixteen mortgage payments during this period.
- b) Attached as [Exhibit A](#) is a spreadsheet of the status of the SMI loans approved to date. Highlights of the data are as follows:
 - (1) The Board has approved a total of thirty-two (32) SMI loans in the amount of \$19,120,000.
 - (2) Thirty (30) of these SMI loans have been closed to date in the principal amount of \$17,834,309.01, of which \$17,220,060.30 has been disbursed as of August 20, 2012.
 - (3) One SMI loan, Woods of Vero, received SAIL/ELI funding prior to the final disbursement under the SMI loan. The SAIL/ELI loan reduced the first mortgage balance; as a result the three remaining SMI disbursements for Woods of Vero were reduced accordingly, reducing its SMI loan by \$14,116.97, effectively reducing the amount closed to date to \$17,820,192.04.
 - (4) Two (2) loans, representing two different developers, approved in the total amount of \$675,000, have yet to be closed.
 - (5) It does not appear at this time that these two loans will be closed due to an inability to obtain the required consent of the investment limited partner.
 - (6) As of August 20, 2012, the final disbursement has been made on twenty-six (26) of the thirty (30) loans closed to date. All accrued interest will be due on these loans twenty four months after the final disbursement. The loan will then be amortized based on a twenty year amortization with a balloon payment due at the end of year six.
 - (7) One loan, Villas at Lake Smart, was paid in full on April 11, 2011. There was \$151,730.22 in undisbursed SMI funds at the time. Another loan, Woodbridge Apartments, was paid in full on December 13, 2011. A third loan, Spring Harbor Apartments, was paid in full on May 21, 2012.

SUBORDINATED MORTGAGE INITIATIVE (SMI)

Information

- c) Since the inception of the Subordinated Mortgage Initiative only two developers, Shelter Corporation, involving two SMI loans, Venetian Isles I and Venetian Isles II, and Creative Choice, involving Tuscan Isle f/k/a Heron Cove, have failed to make a required payment under their obligations as outlined in the SMI loan. The required payments were ultimately made on both Venetian Isles I and Venetian Isles II, and the payments remain current. However, Tuscan Isle remains in default. The Guarantee Program has been working closely with both the Developer and the Limited Partner in order to resolve this matter; however, there has been no resolution at this time. As of this date there have been no claims made on the Guarantee Fund Program for any development receiving SMI funding.

XI. SPECIAL ASSETS

A. Parameters for Review of General Partnership Transfers to Non-Profits

1. Background

- a) Senate Bill 360 (SB 360), titled the “Community Renewal Act”, was approved by the Legislature on the last day of the Session, May 1, 2009. SB 360 was approved by the Governor and became law on June 1, 2009. SB 360 amends 196.1978, Fla. Stat., to extend the affordable housing property ad valorem tax exemption to property that is held for the purpose of providing affordable housing to persons and families meeting the income restrictions in 159.603(7), Fla. Stat., and 420.0004, Fla. Stat. The property must be owned by a Florida-based limited partnership, the sole general partner of which is a not-for-profit corporation, or be owned by a nonprofit entity that is a not-for-profit corporation. The not-for-profit corporation must qualify as charitable under section 501(c) (3) of the Internal Revenue Code and in compliance with Rev. Proc. 96-32, 1996-1 C.B. 717.4 The bill provides that any property owned by a limited partnership which is disregarded as an entity for federal income tax purposes will be treated as if owned by its sole general partner.
- b) SB 360 incorporated the language from Senate Bill 1042 (SB 1042) relating to affordable housing by Sen. Bennett. The Bill Analysis and Fiscal Impact statement from SB 1042 relating to ad valorem tax exemptions for exempt charitable organizations taking affirmative steps to provide affordable housing, estimated a negative impact to local governments of \$200,000 each year over the next five years. The staff analysis appears to have been based on then-existing nonprofit projects, and did not contemplate large numbers of conversions from for profit to nonprofits General Partners.
- c) The statutory changes made in 2009 offer substantial financial benefits to affordable housing developments that qualify for full or partial ad valorem tax exemption under 2009 amendments to section 196.1978, Fla. Stat.
- d) An update on General Partner transfers to non-profits was provided at the April 30, 2010 Board meeting and proposed parameters to address General Partner transfer requests to nonprofits was presented and discussed at the June 18, 2010 Board meeting. Shortly after its enactment, SB 360 was challenged as unconstitutional in the courts by several local governments and was ultimately declared unconstitutional on August 26, 2010. The affordable housing provisions contained in the 2009 SB 360 were reenacted by the Legislature in SB 176 in the 2011 Session.
- e) At the October 14, 2011 Board meeting, the Board authorized staff to begin the process to promulgate rules governing the transfer of for profit General Partner interests to nonprofit General Partners. After a Rule Workshop in January 2012, it was determined that Florida Housing’s current Rules were sufficient to govern these transfers.

SPECIAL ASSETS

Information

2. **Present Situation**

- a) To date, staff has received 100 requests for transfers of general partnership interests to non-profits for purposes of the ad valorem tax exemption, with an estimated negative impact to local governments of \$14,022,330 each year. These requests statistically represent a shift in the risk profiles for each deal. Quantitative research for HUD's Office of Policy Development and Research performed in 1979 by The Urban Institute examining relationships between failures of multifamily projects and sponsor type found non-profits failed twice as often as for profit sponsors. The 2009 lifetime defaults as a percentage of disbursements published in 2010 by the Office of Management and Budget indicate the default rate for non-profit developments when compared to that of for profit developments has risen from the last published studies where non-profits failed twice as often as for profit sponsors to almost three times as often with non-profit multifamily lifetime defaults at 42.36% compared to for profit multifamily lifetime defaults of 14.72%. Because of this statistical shift in the risk profiles and the number of transfer requests, staff wants to again make the Board aware of the key credit underwriting parameters for these requests.
- b) Florida Housing's rules, governing loan and land use restriction agreements provide the overall framework for reviewing these requests. With the exception of Low Income Housing Tax Credits that have already received a Final Housing Credit Allocation (IRS Forms 8609), any material changes in the ownership structure of a borrower require prior approval of the Florida Housing Board of Directors, after considering the facts and circumstances of each request and associated credit underwriting reports. Florida Housing, or its credit underwriter, among other things, may:
 - (1) consider the creditworthiness of the proposed non-profit sole general partner and such party's management ability with respect to the development;
 - (2) consider whether the borrower or proposed transferee are currently in financial arrears or default to Florida Housing or its servicer under any program or otherwise in noncompliance beyond any cure period contained under existing documents relating to any Florida Housing program;
 - (3) consider whether or not the security for repayment of the loan and other payment obligations under the financing agreements, and the performance of the covenants and other obligations under the loan documents (without regard to whether any loans are outstanding), or Florida Housing's ability to enforce its rights, remedies and recourses with respect to such security or performance will be impaired in any way or to any degree by the proposed transfer;
 - (4) consider the conditions within the property and require that any deferred maintenance be addressed in accordance with a plan acceptable to Florida Housing;

Information

- (5) consider the provisions with respect to property insurance, repairs, alterations, payment of taxes, reserves and assessments, delinquency charges, default remedies, and additional security as are deemed necessary to address new problems or market situations and which are satisfactory to Florida Housing;
- (6) require that Florida Housing be reimbursed for all reasonable costs and expenses incurred by Florida Housing, its counsel and servicer in connection with such transfer;
- (7) require the payment of all payment obligations of the borrower under the loan documents, including but not limited to accrued obligations not yet payable, escrows for potential contests by local property appraisers (it has been Florida Housing's experience that litigation with local property appraisers can take 3 or more years to settle), any amount reasonably determined by Florida Housing as being necessary to compensate it for monitoring costs and expenses for the balance of the compliance period;
- (8) require the execution of a document(s) evidencing the express, unconditional assumption of all payment and performance obligations under the loan documents, any guarantee of recourse obligations and environmental indemnity relating to the development and any other document, agreement guaranty or instrument evidencing or securing the borrower's obligations under the loan documents by the proposed non-profit sole general partner (without the release of the borrower/current guarantors from liability for such obligations);
- (9) require the execution of modification agreements, supplemental security documents, financing statements and such other documents, agreements and instruments as Florida Housing or its counsel may reasonably require; and
- (10) require endorsements to any existing title insurance policies insuring Florida Housing's liens and security interests covering the property and delivery of legal opinions by counsel for the transferee.

UNIVERSAL CYCLE

Information

XII. UNIVERSAL CYCLE

A. 2013 Universal Cycle

1. Background/Present Situation

- a) To solicit comments concerning Rule Chapters 67-21 and 67-48, F.A.C., the 2013 Universal Application Cycle and the 2013 Qualified Allocation Plan, rule development workshops were held on April 26, 2012, June 7, 2012, July 19, 2012, August 14, 2012, and September 6, 2012.
- b) As a result of these workshops, staff is continuing to revise the Universal Application and the rules governing the multifamily programs and expects to submit the proposed Rules, Application and Qualified Allocation Plan for Board approval at the November 2, 2012, meeting.
